Fancy a Sailing Summer 2015!

The 2014 season has a few weeks to run. We already have plenty of exciting plans for 2015

and can't wait for the new season to start. There are lots of interesting themes, including culinary, painting with Peronel, yoga,

so to plan your choice of cruise easily they are highlighted in a row in this special ScicSailing calendar.

Naturally, you can also enjoy our 'regular' cruises, without themes, just sailing along the Southwest Turkish coast and/or a number of Greek islands. In 2015, the depar-

ture day will continue to be Saturday. Possible departure points include Bodrum, Marmaris, Göcek or Kos.

Alternatively you can join individually or reserve an entire yacht, an 'exclusive' charter. With our special 'top it up' service, you can satisfy your specific needs, such as a laser, or even 'Grand cru' wine or Champagne. Almost anything is available!

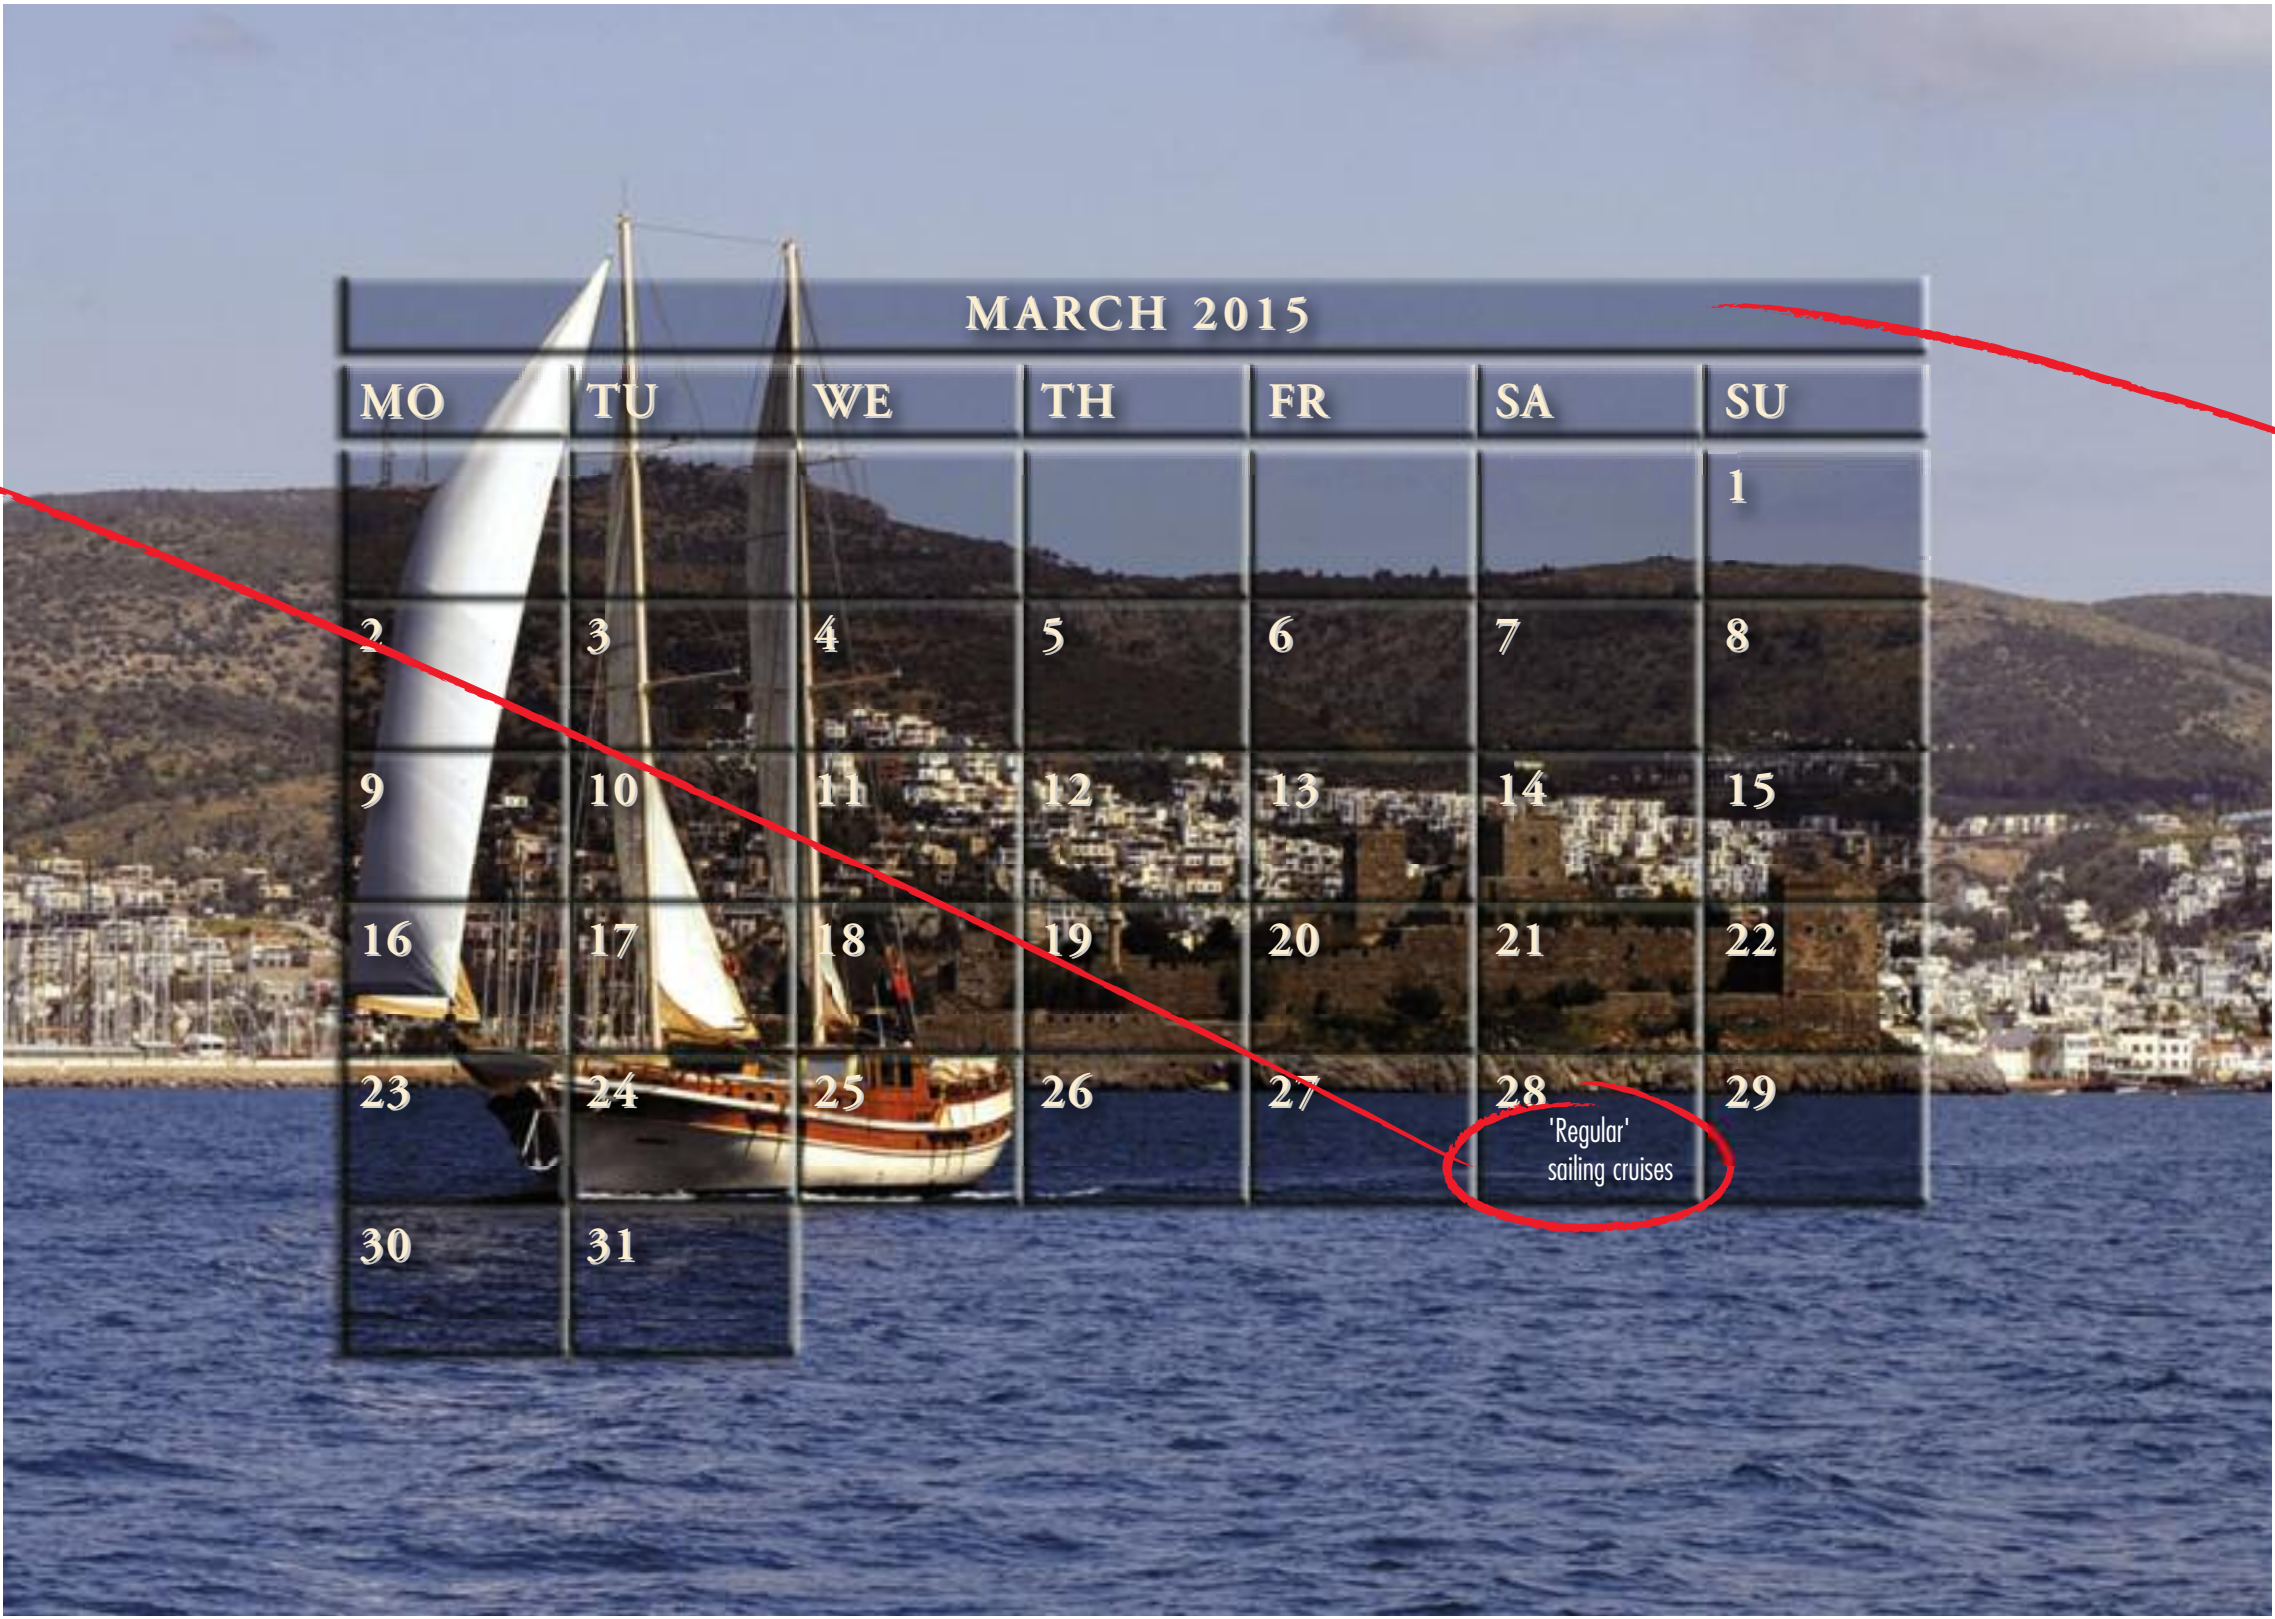

Turn the page and feast your imagination for next year's holidays!
